

RANJITH EGGADI

Hyderabad, Telangana, India

☎ +91-6301945962 ✉ ranjitheggadi4@gmail.com

Summary

Computer Science graduate with strong experience in **Java, Python, and JavaScript**, specializing in backend and full-stack development. Hands-on with **Microservices, REST APIs, and AWS (EC2, S3)**. Skilled in building scalable, secure, and performance-optimized applications using **Java, Spring concepts, Django, Node.js, FastAPI**. Experienced with Agile methodologies, debugging, CI/CD pipelines, and cloud deployments. Strong problem-solving skills with a focus on delivering reliable, high-quality solutions.

Education

Kamala Institute of Technology and Science

Bachelor of Technology in Computer Science

Sep. 2020 – Jun. 2024

Karimnagar, Telangana

Technical Skills

- **Programming Languages:** Java, Python, JavaScript
- **Backend Development:** Spring concepts, Django, Node.js (Express.js), FastAPI, REST APIs, Microservices
- **Frontend Development:** React Native, Next.js, HTML5, CSS3, Bootstrap
- **Cloud & DevOps:** AWS (EC2, S3), Git, GitHub, CI/CD (GitHub Actions, Deployment Automation)
- **Databases:** MySQL, MongoDB, Redis (caching, session management)
- **Concepts:** Data Structures, Algorithms, OOP, Debugging, Software Testing (Unit Testing), WebSockets
- **Operating Systems:** Windows, Linux

Projects

Library Management System | *Java (Spring concepts), Django, AWS, MySQL*

- Developed a web-based platform to manage books, users, and transactions.
- Implemented secure authentication and role-based access control using JWT and OAuth 2.0.
- Optimized SQL queries, improving response time and performance.
- Deployed application with AWS EC2 and integrated AWS S3 for file storage.

FranchiseConnect App | *React Native, Node.js (Express), MySQL, WebSockets*

- Built a cross-platform mobile app (Android & iOS) for franchisee onboarding.
- Implemented **real-time communication** using Socket.IO and WebSockets.
- Designed and secured REST APIs with Node.js and JWT authentication.
- Worked in an Agile team environment, practicing iterative delivery and CI/CD integration.

CareerPilot AI – Job Application Tracker | *Next.js, FastAPI, MongoDB, Redis, AWS*

- Designed an AI-powered job application tracker for freshers and experienced candidates.
- Developed intelligent resume analysis and job-matching features using LangChain and NLP.
- Utilized **MongoDB** for schema-less storage and dynamic handling of user/job data.
- Integrated **Redis** for caching and optimized APIs, reducing response latency by 25%.
- Implemented deployment automation with GitHub Actions and AWS, ensuring reliable CI/CD pipelines.

Certifications

Amazon Web Services (AWS) Certified Cloud Practitioner

Java (Basic) Certification — HackerRank

Python Programming Workshop

Java Programming — LinkedIn Learning

Additional Information

- **Languages:** English (Professional), Telugu (Native)
- **Profiles:** LinkedIn: [linkedin.com/in/ranjitheggadi](https://www.linkedin.com/in/ranjitheggadi) — GitHub: github.com/EggadiRanjith — LeetCode: leetcode.com/ranjitheggadi
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Time Management, Attention to Detail
